

# Download Better Homes Garden Gardening Landscaping

Create the perfect front yard and backyard landscapes with our gardening tips. We'll tell you about beautiful annual, perennial, bulb, and rose flowers, as well as trees, shrubs, and groundcovers that put on a year-round gardening show. Landscaping ideas can bring practical elements, enhancing spaces and solving problems once you have your plants picked out. We have strategies and ideas for garden landscaping to tackle nearly every size and shape of yard. **Test Garden Tip:** Choose cultivars that mature at an appropriate size for your yard. Compact Austrian pine only reaches about 15 feet tall and 8 feet wide, for example. And fernspray false cypress grows 10 feet tall and 4 feet wide. Both will give you privacy without taking up your entire yard. **Garden Design and Landscaping - The Beginner's Guide to the Processes Involved with Successfully Landscaping a Garden (an overview)** ('How to Plan a Garden' Series Book 7) Feb 11, 2014 by Rachel Mathews
