Welcome to the Leon County Sheriff's Office employment opportunities career page and thank you for your interest in our agency. Our agency prides itself on finding the most qualified candidates who embody our vision, mission and core values: A Career as a Psychiatrist - Psychology is the study of the human mind and its functions. I am interested in psychology because I think it is fascinating how people's minds work and how they are affected by different things. Come to the MU Career Center! Monday-Friday from 9-4 in the basement of the Student Success Center (Lowry Mall) Explore Lynda.com's library of categories, topics, software and learning paths.
