Defining the Rocky Mountain Front. Although the Rocky Mountain Front is clearly distinct from both plains and mountains, in places like the Wyoming Basin, Montana, and New Mexico it is more ambiguous. One definition of the front is that it is a "transition zone between the Rocky Mountains and the mixed grass prairie ...The following op-ed by Hanne Nabintu Herland concerns the Norwegian government's persistent soft spot for the Palestinians. It was originally published in Aftenposten, Norway's largest newspaper, on January 15th, 2013, and has been translated by the author.
