

Download Conspiracy Theories And Other Dangerous Ideas

A conspiracy theory is an explanation of an event or situation that invokes a conspiracy—generally one involving an illegal or harmful act supposedly carried out by government or other powerful actors—without credible evidence. Moon landing conspiracy theories claim that some or all elements of the Apollo program and the associated Moon landings were hoaxes staged by NASA, possibly with the aid of other organizations. Many conspiracy theories fall into the self-refuting idea fallacy. Some commentary: "A conspiracy theory is the idea that someone, or a group of someones, acts secretly, with the goal of achieving power, wealth, influence, or other benefit.
