Cyber Warfare, Second Edition, takes a comprehensive look at how and why digital warfare is waged. The book explores the participants, battlefields, and the tools and techniques used in today's digital conflicts. The Journal of Law & Cyber Warfare provides a public peer-reviewed professional forum for the open discussion and education of technology, business, legal, and military professionals concerning the legal issues businesses and governments arising out of cyber attacks or acts of cyber war. The five pillars is the base of the Department of Defense's strategy for cyber warfare. The first pillar is to recognize that the new domain for warfare is cyberspace and that it is similar to the other elements in the battlespace.
