

Download Hans Staden's True History

Hans Staden (c. 1525 – c. 1576) was a German soldier and explorer who voyaged to South America in the middle of the sixteenth century, where he was captured by the Tupinambá people of Brazil. Dans son gros succès Histoire d'un voyage fait en la terre du Brésil (cinq éditions du vivant de l'auteur : 1578, 1580, 1585, 1599, 1611), Jean de Léry décrit plusieurs aspects de la vie des indigènes. The Tupi people were one of the most numerous peoples indigenous to Brazil, before colonisation. Scholars believe that while they first settled in the Amazon rainforest, from about 2,900 years ago the Tupi started to migrate southward and gradually occupied the Atlantic coast of Southeast Brazil. Ubatuba é um município brasileiro localizado no litoral norte do estado de São Paulo. O território municipal ocupa 710,783 km², 83 por cento dos quais localizados no Parque Estadual da Serra do Mar, enquanto a sua população, conforme estimativas do IBGE de 2018, era de 89 747 [4] habitantes.
