Jokes for Minecrafters is the first book in the new Jokes for Minecrafters series, which celebrates the humor in Minecraft from skeleton mobs to zombie pigmen. This book is the smut of bad jokes, the humor is completely derivative and doesn't even make sense at times. I would much rather recommend this series of mystery stories about big foot. There are subjectives, and then there are these. While you may believe a work fits here, and you might be right, people tend to have rather vocal, differing opinions about this subject.
