

Download Modern European Philosophy Pdf

Modern philosophy is philosophy developed in the modern era and associated with modernity. It is not a specific doctrine or school (and thus should not be confused with Modernism), although there are certain assumptions common to much of it, which helps to distinguish it from earlier philosophy. Western philosophy is the philosophical thought and work of the Western world. Historically, the term refers to the philosophical thinking of Western culture, beginning with Greek philosophy of the pre-Socratics such as Thales (c. 624 – c. 546 BC) and Pythagoras (c. 570 BC – c. 495 BC), and eventually covering a large area of the globe.
