This article is explaining some interesting facts about the Secret Nuclear City which is built by India in Karnataka's Chitradurg district. Anti-nuclear protests began on a small scale in the U.S. as early as 1946 in response to Operation Crossroads. Large scale anti-nuclear protests first emerged in the mid-1950s in Japan in the wake of the March 1954 Lucky Dragon Incident. The anti-nuclear movement is a social movement that opposes various nuclear technologies. Some direct action groups, environmental movements, and professional organisations have identified themselves with the movement at the local, national, or international level. Engineering Courses in India can be very lucrative. Although the engineering sector is getting filled up fast there are many sub-sectors of engineering which always need engineers.
