From Jeremy the Giraffe and Coco the Cow to Darcy the Fairy and Blinky the Alien, you'll find everything you need to whip up these cute and contemporary characters. This is a lovely, big book, choc full of modelled characters including farm animals, fairies, aliens etc - in fact anything you'd need for a lovely character cake. What I particularly like about this book is the detailed step-by-step photography - so many modelling books leave you guessing, but not this one. It is a BIG book and Suzi has taken great care to ensure that anyone, from beginner up can make one of her sweet characters. The cutest most precious little animals. This book shows you from start to finish and it is so perfect for people like me where I excel in some areas of making things out of fondant but then other areas I am totally lost. This gives me the confidence to try new things and know that they will come out awesome.
