I really liked it, but The Dead Town is not my favorite in the 5-book series. I enjoyed the comic elements provided - I love the abundance of quirky characters. I also liked how Dean Koontz's Frankenstein is linked to Mary Shelley's Frankenstein Story near the end (Chapter 64). If you haven't read books 4 or 5 in this series yet, let me sum it up for you in a few sentences what it took Dean Koontz two books to write: Dr. Frankenstein's "clone" is back to cause trouble, this time with a plot to destroy the entire world.
