

Download The Punisher Black And White Vol 1

Publication history. Garth Ennis, also writer of the 2000 and 2001 Punisher series, wrote issues #1-60 of the series. Also like the earlier series, Tim Bradstreet provided the covers for those issues. I really enjoyed Edmondson's run of the Punisher. I admit the last to books in "Last Days" I by far the strongest part of Vol. 3. Love the fact that all the weapons, gear, and equipment are 99% real world kit. Development. The first film, known simply as The Punisher is a film that was released straight to video by New World Pictures in 1989 that is most notable for lacking the character's signature skull.
