A lot of your enjoyment of Terry Pratchett's DiscWorld series comes down to your awareness of the object of Pratchett's satire. In the case of "The Truth," it's the world of newspapers and journalism in general. Having a background in this, I found a lot of Pratchett's zingers and satire to be dead-on accurate in their humor and observation. Terry Pratchett is one of the world's most popular authors. His acclaimed novels are bestsellers in the United States and the United Kingdom, and have sold more than 85 million copies worldwide. In January 2009, Queen Elizabeth II appointed Pratchett a Knight Bachelor in recognition of his services to literature. Sir Terry lives in England. I hate Terry Pratchett. I get home from a hard day at work, I cook dinner, I eat dinner, I wash up, and then sit down to some TV. In a short time, I'm so sick of commercials I turn off the TV and begin reading.
