

Download Transforming Our Schools How Current Technology Can Change The Way Our Children Are Taught

Key Questions to Consider about Technology and Teaching Children to Read. Is a process established in your school or district for reading specialists, technology specialists, classroom teachers, and special educators to collaborate on reviewing the possibilities and recommending uses of technology to enhance reading instruction? Our mission is to promote student achievement and preparation for global competitiveness by fostering educational excellence and ensuring equal access. The purpose of this study is to determine the challenges school principals facing in the context of technology leadership. This is a qualitative case study guided by the National Educational Technology Standards for Administrators (NETS*A). Six Current News & Events. CIT offers full-time, part-time and specialist courses in Art, Business and Humanities, Computing and Information Technology, Engineering, Media, Music, Nautical Studies, and Science.
